CATALOGUE OVERVIEW

Kingdom Pharma product range organized for secondary packaging, registration and market presentation.

Purpose

A client-ready medicine and packaging catalogue showing Kingdom Pharma capabilities across essential medicines, chronic therapies, supplements and export product lines.

Packaging Approach

Clean white/navy pharmaceutical brand architecture with carton, blister, bottle, sachet, tube, syrup and wellness formats.

IMPORTANT NOTE

Product visuals are high-quality catalogue concepts. Final commercial artwork, claims, pack inserts and labelling must follow each target market regulatory approval.

New Innovation, Recently Developed & Under-Development Range: 20 product entries for Kingdom Pharma

BETTER MEDICINES FOR A HEALTHIER TOMORROW

This Kingdom Pharma Product Catalogue is prepared as a client presentation and product-planning document. The range supports product presentation, packaging planning and future market registration across multiple therapeutic categories. Final pack artwork, claims, inserts, barcodes, serialization and market-specific labelling should be completed after regulatory review.
